

School Performances and Assemblies

Throughout the school year class assemblies and performances are held for parents to come and watch. The children put a lot of effort into these performances and we have found that they are distracted if younger siblings and babies are brought to the performances. School policy is that we ask audiences for these events to be strictly for adults only for capacity in the hall, health & safety reason and listening enjoyment for all involved. We respectfully ask therefore that no babies or siblings are brought along to any of the class assemblies or performances.

There will be other opportunities throughout the year when babies and siblings can be brought along to events.

Thank you in advance for your support.
